

Local Enhanced Service for Vaccinating Under 5 year olds against H1N1 illness

In accordance with the Agreement between NHS London and Londonwide LMCs, we agree to deliver the service described below.

Part One

In return for each dose of vaccination given in accordance with JCVI advice, the PCT will make a payment of £5.25 in accordance with the National Swine Flu DES.

Part Two

- a) In return for agreeing that the service will be delivered to under 5s in this practice, the PCT will make a payment of £50. The practice will decide how and when it will provide the service, in accordance with good medical practice and other contractual requirements.
- b) In return for providing a first vaccination to 25% of under 5 year olds, the PCT will make a payment of £25, provided the practice supplies the NHS numbers of patients vaccinated, and a total of eligible patients in the practice.
- c) In return for providing a first vaccination to 40% of under 5 year olds, the PCT will make an additional payment of £25, provided the practice supplies the NHS numbers of patients vaccinated.
