

# North West London GP pressures 2022

GP practices in North West London are even more stretched now than before the pandemic, Londonwide LMCs compares June 2022 to June 2019. See our June 2022 survey results at: <https://www.lmc.org.uk/june22-workforce>

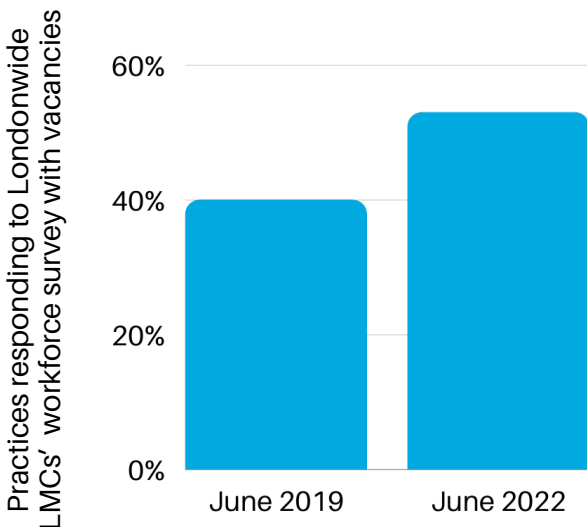

## Nearly a third more appointments offered to patients...

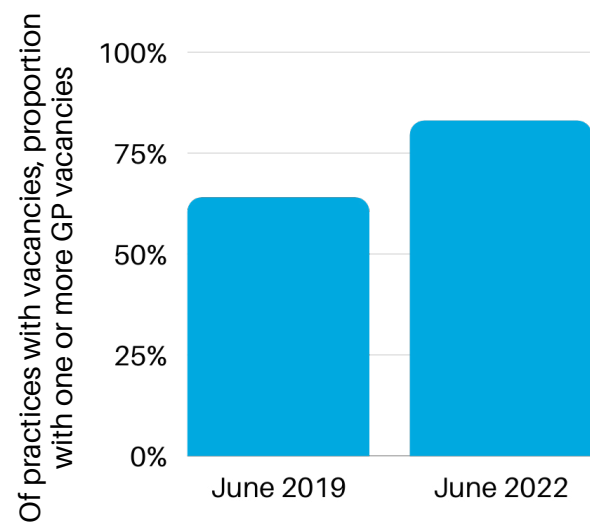

## ... despite 17 fewer GP practices

## Over half of practices have vacancies...

## ... over 80% are GP vacancies

Our GPs and practice teams are working hard to provide safe care for you and your community. Thank you for your patience and support.
