

South East London GP pressures 2022

GP practices in South East London are even more stretched now than before the pandemic, Londonwide LMCs compares June 2019 to June 2022. See our June 2022 survey results at: <https://www.lmc.org.uk/june22-workforce>

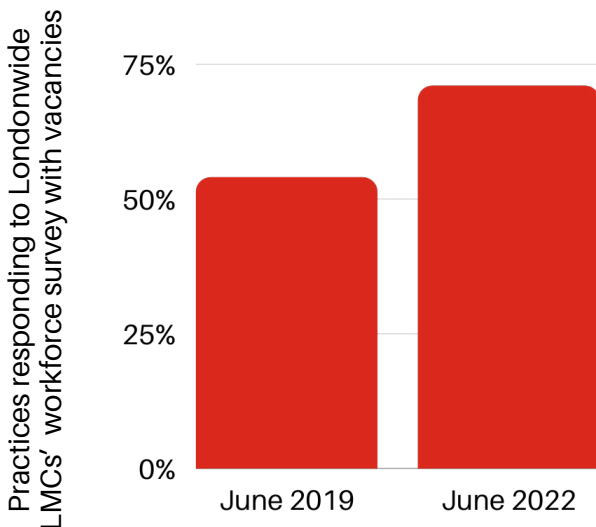

A tenth more appointments offered to patients...

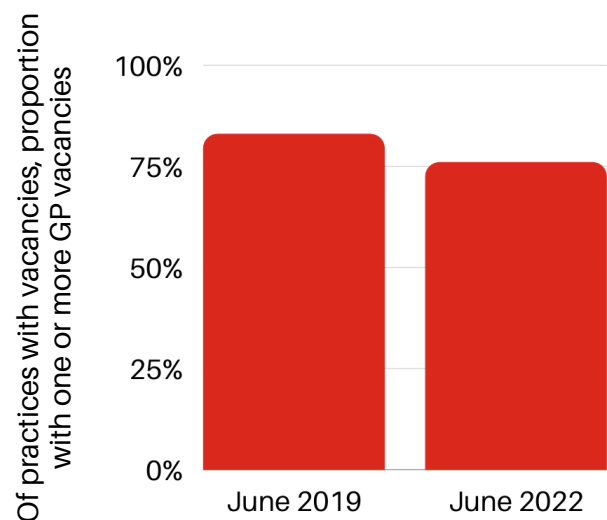

...despite 38 fewer GP practices

More than two-thirds of practices have vacancies...

...over 75% are GP vacancies

Our GPs and practice teams are working hard to provide safe care for you and your community. Thank you for your patience and support.
